

Student Scholarship Sponsor Opportunities

The Forest Products Society's 73rd International Convention is a great venue for students in forest products and related degree programs to participate in the breadth of information and opportunity available in the global forest products industry. Help us make this event accessible to students by providing scholarships to the upcoming generation of leaders in the industry. Students who receive these scholarships will get cost-free registration and access to low cost lodging options to make attendance more affordable. Applicants for the scholarships will be asked to participate in the convention with a poster or oral presentation regarding their research projects.

FPS offers a unique opportunity for industry to meet with and see the work of graduate students preparing to enter the industry. With the convention co-located with the Southern Forest Products Association's Forest Products Machinery & Equipment Expo, students will have an unparalleled opportunity to view cutting edge technology and cutting edge research under one roof. Let's make this opportunity available to as many students as possible by supporting the scholarship program.

Sponsorship Levels

- Good —\$1,200 3 students
- Better —\$2,250 6 students
- Best —\$3,500 10 students

Each student is awarded registration and travel/ lodging support.
