

Forest Products Society Member Benefits

Knowledge Base

- The FPS Knowledge Base is a searchable resource that houses books, articles from multiple journals, and more! A great search engine for research information, members have complimentary access and nonmembers have the option to purchase downloadable documents.

Access to a World-Class Network of Forest Product Professionals

- Sections and Technical Interest Groups give you a direct regional network of colleagues and organizations in your field.
- Sections and TIGs help you build connections with other forest product professionals in your dedicated field of work.

Forest Products Journal

- With its 70 year history, Forest Products Journal (FPJ) is the world's most complete and prestigious source of high-quality peer-reviewed technical research reflecting the current state of wood science and technology.
- Access to FPJ is critical to anyone doing research in this area and institutions maintaining a high-quality wood science collection.
- Members receive a printed and digital subscription to the quarterly Journal
- Member-Authors receive a discounted rate to publish articles in the FPJ.

International Journal of Forest Engineering

- Members receive a complimentary electronic subscription to the IJFE and have access to prior issues through our website.

Preferred Registration Rates

- Members are eligible for exclusive registration rates on FPS conferences held throughout the year, including our annual International Conference.

Education

- Members enjoy monthly webinars, Forest Products Insights, on timely industry topics.
- Members receive weekly emails with industry events, industry news and research updates.

Students, Researchers, and Young Professionals

- Member organizations have the option of sponsoring scholarship opportunities for students to come to conferences, present their research, and network with know forest product professionals.
- Membership gives young professionals the opportunity to enhance their industry standing by publishing, presenting, and connecting with other industry professionals.
